

SolvStop™ | NL3030

Latex water protection with neoprene palms for equipment maintenance in food processing

ABOUT THE PRODUCT

Our SolvStop™ NL3030 food safe gloves feature extended forearm protection for equipment maintenance in food processing. These 30-mil thick gloves feature a latex shell and neoprene palm coating to protect against a wide range of chemicals and synthetic solvents. Their 12-inch length provides extra forearm coverage and are CFIA-compliant for safe food handling.
