

TenActiv™ | S13SXPU

Low-linting gloves for incidental cut protection and non-marring palms to prevent contamination

ABOUT THE PRODUCT

Our TenActiv™ S13SXPU low-linting gloves with non-marring palms provide cut protection against incidental cut hazards. White TenActiv™ engineered yarn material offers 360° cut protection with low ANSI A2 cut resistance and will show dirt or other contaminants. They're low-linting with non-marring polyurethane palm coating for better dry grip that will not leave residue, making them ideal for handling sensitive materials like glass.
