

Dexterity® | S18TAFGFN

Ultra-thin and versatile cut protection for a wide range of tasks

ABOUT THE PRODUCT

Our versatile Dexterity® S18TAFGFN gloves are ultra-thin and CFIA compliant with features for a wide range of operations. Made from static dissipative TenActiv™ engineered yarn to protect microelectronics, they provide 360° cut protection with moderate ANSI A4 cut resistance while their foam nitrile palms are non-marring and offer steady wet grip. The ultra-thin construction improves hand movement while providing a bare hand feel.

ALTERNATIVE VERSIONS

S18TAFGFNF, S18TAGGFN, S18TAGOFN
