

Dexterity® | S18TAFGNT

Low-linting ultra-thin cut protection with specially formulated non-marring palm coating for longer wear life

ABOUT THE PRODUCT

Our low-linting Dexterity® S18TAFGNT gloves feature a specially formulated nitrile palm coating for better abrasion resistance to extend wear life. The non-marring nitrile palm coating provides steady wet grip that will not leave residue for product finishing. Made from TenActiv™ engineered yarn, they provide 360° cut protection with ANSI A4 cut resistance and their ultra-thin construction improves freedom of movement with a bare-hand feel.
