

Dexterity Pro™ | S21TAXFNVB

Impact-resistant cut protection with high dexterity for light material handling

ABOUT THE PRODUCT

Our Dexterity Pro™ S21TAXFNVB gloves offer cut protection and impact resistance while being ultra-thin for tasks that require improved hand movement where knocks and bump hazards are present. Ideal for light material handling, assembly, and construction work, their TenActiv™ engineered yarn provides 360° cut protection with ANSI A6 cut resistance plus foam nitrile palm coating for steady wet grip.
