

Dexterity Pro™ | S21TAXRFN

Ultra-thin gloves with cut protection for hand movement and a bare hand feel

ABOUT THE PRODUCT

Our ultra-thin Dexterity Pro™ S21TAXRFN gloves match cut protection with outstanding dexterity and a touch sensitivity. TenActiv™ engineered yarn provides 360° cut protection with ANSI A5 cut resistance. They feature ultra-thin foam nitrile palm coating that offers steady wet grip and a bare hand feel.

Dexterity Pro™ S21TAXRFN gloves distributed in the USA feature palm coating applied at our North Carolina production facility.
