

Dexterity Pro™ | S21TXFC

Outstanding dexterity with flexible full hand coating for water resistance that won't hinder range of motion plus maximum cut protection

ABOUT THE PRODUCT

Our Dexterity Pro™ S21TXFC gloves feature a full hand coating designed to maximize dexterity and provide the industry's highest level of cut protection. Our specially formulated foam nitrile flex coat hand coating is more flexible than typical nitrile for better freedom of movement while providing water and oil resistance and steady grip. TenActiv™ engineered yarn provides 360° cut protection with ANSI A9 cut resistance to protect hands from extreme cut hazards. Dexterity Pro™ S21TXFC ANSI A9 cut-resistant gloves are third-party tested and verified to meet the ANSI / ISEA 105 standard in accordance with the ASTM F2992-15 test method for cut protection.
