

TenActiv Pro™ | STACXPNRT

Extreme cut protection with reinforced nitrile thumb crotch for material handling and longevity

ABOUT THE PRODUCT

These gloves are made with TenActiv™ engineered yarn that provides 360° cut protection with extreme ANSI A7 cut resistance while a nitrile reinforced thumb crotch protects against wear and tear when material handling. Their micropore nitrile palm coating offers steady wet grip and is touchscreen compatible for moving between tasks.

TenActiv Pro™ STACXPNRT gloves distributed in the USA feature palm coating applied at our North Carolina production facility.
