CAT40 Precision ShrinkFIT Toolholders

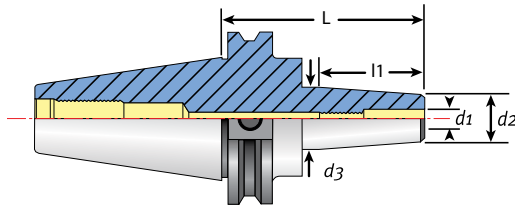

Techniks Certified for accuracy and balance

ShrinkFIT Holder Features

- Maximum T.I.R. only 0.0001"
- Balanced 25,000 RPM at G2.5
- Comes with coolant-thru set screw installed

ShrinkFIT toolholders provide concentric clamping force of 10,000 lbs. or more directly on the cutting tool shank to reduce T.I.R. (runout). This is why operators are able to run faster and cutters last longer too.
