

INTEPLAST GROUP[®]

W. Ralston

Industrial & Institutional Can Liners & Garbage Bags

2500 Series

Premium Black

Super Hexene resin blended with post-industrial recycled resin - high strength bags with less plastic.

The **2500 Bag Series** black product line is made from a virgin rich blend of recycled post industrial LLDPE and premium Super Hexine Resin. The 2500 Series is our thickest line. All cases have perforated tabs on the side for individual bag dispensing.

Inteplast Group W. Ralston operates manufacturing facilities in Eastern and Western Canada serving both the retail and industrial markets. Ralston is a leading manufacturer of Trash Bags, Can Liners, Films and Vapour Barriers with product innovation such as blends of virgin & recycled plastics, antibacterial agents, and certified compostable plastics.

Inteplast Group W. Ralston is committed to ongoing product development in positive support of solid waste management issues.

2100 Series

Compostable

- Certified compostable by BNQ 9011-911 and BPI ASTM D6400

2400 Series

Food Grade

- Clear
- Approved for food contact by Agriculture Canada

2500 Series

Premium Black

- Virgin rich blend of recycled post industrial LLDPE and premium
- Hexene Resin
- The 2500 Series is our thickest line
- EcoLogo™ - Certified CCD-126/UL-126 Garbage Bags

2600 Series

Value Plus - Black

- Economical lighter gauge
- Recycled resin
- EcoLogo™ - Certified CCD-126/UL-126 Garbage Bags

2700 Series

Recycled - Black

- Similar to the 2500 Series
- Lighter gauge with a higher content of recycled resin
- EcoLogo™ - Certified CCD-126/UL-126 Garbage Bags

2800 Series

High Density - Frosted

- Made from quality high molecular weight - high density resin
- These bags have exceptional strength and are ideal for heavy, wet trash
- Packed in mini-rolls

2900 Series

Transparent and Colours

- Made from Hexene resin allowing significant downgauging, while still maintaining superior characteristics
- EcoLogo™ - Certified CCD-126/UL-126 Garbage Bags

Ralston Quality Plastics

Each Series has its own unique formulation providing the broad spectrum of qualities and economies necessary to satisfy this demanding market.

- Complete range of sizes.
- Available in different colours (2900 Series).
- Outstanding elongation and tear characteristics.
- Custom sizes and colours also available.

User Friendly Cartons!

- Unique one-at-a-time end dispensing cartons allow easy access and ease of stacking.
- All cases have colour coded wrap around labels clearly identifying series, size, count, colour and strength.
- All linear low density series case counts are the same by strength and size.
- Cartons are 70% recycled material with minimum 50% post consumer.
