

February 2015

To whom it may concern:

All W. Ralston (Canada) Inc. polyethylene film products are compliant to The RoHS Directive.

Those products include:

- all series trash bags and can liners.
- all series of construction, agricultural and general purpose films.

The RoHS Directive stands for “the restriction of the use of certain hazardous substances in electrical and electronic equipment”. This Directive will ban the placing on the EU market of new electrical and electronic equipment containing more than agreed levels of lead, cadmium, mercury, hexavalent chromium, polybrominated biphenyl (PBB) and polybrominated diphenyl ether (PBDE) flame retardants from 1 July 2006.
