

## E-WELD 3

### High temperature anti-spatter solution

E-WELD 3 is a high performance anti-spatter solution that both cleans the workpiece and protects it from high energy spatter, eliminating an extra step in the welding process while avoiding costly rework. E-WELD 3 is often the preferred solution for use on stainless steel and aluminum alloys.

#### Features & Benefits:

- Protects work pieces and welding equipment against sticking weld spatter
- Water based formulation
- For MIG and TIG welding operations as well as laser cutting applications
- Formulated to prevent spatter adhesion for high temperature welding applications such as:
  - Stainless steel welding
  - Multiple pass welding
  - Thin sheet welding
  - Welding pre-heated work pieces
- Multifunctional product! Can also be used as a degreaser for pre-welding preparation.
- Contains corrosion inhibitors for temporary corrosion protection
- Versatile product, works equally wet or after the product is dry
- Excellent paint adhesion properties – no special cleaning required for post welding coating operations
- Compatible with aluminum, steel and stainless steel
- Non-flammable, solvent, mineral oil and silicone free
- Biodegradable

Description	Size		Order No.	SDS
	Metric	Imperial		
Sprayer	500ml	16.9 oz.	53-F 253	L-46E
Liquid	3.78L	1 gal.	53-F 255	L-46E
Liquid	20L	5.2 gal.	53-F 257	L-46E
Liquid	208L	55 gal.	53-F 258	L-46E

#### ACCESSORIES

Industrial pump sprayer	53-L 101
Spout for 5L pail	53-L 113
Spout for 20L pail	53-L 207
Faucet for 208L drum, ¾"	53-L 209
Faucet for 208L drum, 2"	53-L 210
Replacement trigger sprayer 500 ml	53-L 320

#### Technical Information

Density	1.02 g/ml
Flashpoint	N/A
Odor/color	Odorless, clear blue
pH	9
Rinsability	Excellent
VOC	0
