

Why you and your hands will love new 3M™ Avagard™ D Instant Hand Antiseptic

It's the waterless hand antiseptic that feels like a moisturizer

- 1 More moisturizing, less redness, and less skin breakdown with multiple daily uses than Purell® Instant Hand Sanitizer with moisturizers or water alone¹
- 1 Unique rich emollient base feels smooth on hands
- 1 Chlorhexidine Gluconate (CHG) compatible¹
- 1 Latex glove compatible¹
- 1 Doesn't impact glove performance¹

Avagard D Instant Hand Antiseptic is significantly less drying to hands than Purell Instant Hand Sanitizer with moisturizers or water alone¹

A single-blind, bilateral comparison of 40 subjects using Avagard D Hand Antiseptic and Purell Sanitizer with moisturizers or water 12 times a day (4 cycles/day of 3 washes each) for 5 days. Hands were evaluated by an expert grader who rated them on a scale of 0 (normal) to 5 (very scaly).

Healthcare professionals who have tried Avagard D Hand Antiseptic love it!

- *Nine out of ten healthcare professionals preferred Avagard D antiseptic to their routine hand hygiene regimen**
- *Use of Avagard D antiseptic resulted in improved hand skin condition***
- *May increase frequency of hand cleansing/disinfection while decreasing lotion use**

3M Innovation

Effective antiseptics, without the need for water

Proven effectiveness

- 1 Comparable efficacy to a traditional hand wash regimen in hospital testing.¹
- 1 Broad-spectrum activity kills more than 99% of harmful bacteria within 15 seconds***¹
- 1 Effective against MRSA and VRE antibiotic-resistant bacteria***¹

Fits easily within your health care environment

- 1 Quick and convenient
- 1 Less waste than traditional hand washes*
- 1 Available in 500-mL pump or 88-mL portable bottle
