

"THE DEFENDER" PREMIUM PVC OVERALLS DARK GREEN, 3XL

Product # **V3243540-3XL** | Model # **P90 060**

The dark green Ranpro® Defender Bib Overalls have a premium soft and flexible PVC material made from 0.45mm heavyweight PVC/Poly/PVC, providing excellent protection against fish and animal fats, motor oil, and a wide range of chemicals and light acids. The bib pants are 100% windproof and waterproof, with strong triple-welded seams to help users stay active, dry, and protected in most weather conditions. The pants have a double bib with premium elastic suspenders that have easy-connect hooks and designed for use in fishing, construction, forestry, mining, food processing, yard work, and infrastructure building.

- **Material:** Made from 0.45mm heavyweight PVC/Polyester/PVC material, the Ranpro "The Defender" Premium Overalls are soft and flexible. This quality material provides excellent protection against fish and animal fats, motor oil, and a wide range of chemicals and light acids.
- **Benefits:** Being 100% windproof and waterproof with strong, triple-welded seams, the "The Defender" overalls will help you stay active, dry, and protected in most weather conditions.
- **Bib Pants:** Designed with a double bib and premium elastic suspenders that have easy-connect hooks. The pants on "The Defender" Rainsuit provide durability with the reinforced waist that ties into a snug fit and an inner bib pocket with a zipper closure that provides extra protection and safety.
- **Applications:** Durable and versatile, these Ranpro overalls can be used in many industries such as fishing, construction, forestry, mining, food processing, yard work, and infrastructure building.
- **Make it a set with "The Defender" 100% Windproof and Waterproof, Premium PVC Jacket - V3243040 (sold separately)**
