

RANPRO PU BOOTS - SOFT TOE - GREEN - 11

Product # V4240440-11 | Model # B405SOF.GR

This premium soft toe boot is lightweight, comfortable, and lasts 2 to 3 times longer than traditional rubber boots. It is an ideal choice for fisheries, farming, food production, oil patch work, and much more.

- Polyurethane material is resistant to oil, fuel, chemicals, and organic substances
- Rated to -20 degrees Celsius / -4 degrees Fahrenheit
- Ergonomically designed to provide a better range of movement
- Water-channeling, non-clogging tread sole provides maximum traction
- Upper grip allows easy pull-on even in wet or muddy conditions
- Innovative heel tab helps ease boot removal
- Cut-off line for a customizable boot height
- Reinforced ankle and extra room for comfort and injury protection
- Advanced 3-part insole provides comfort, odor absorption, and enhanced stability
