

## Existing Conditions

- X Complicated item ordering process
- X Limited control over indirect spending
- X Manual approval process
- X Rogue spending
- X Incomplete product descriptions
- X Inconsistent pricing
- X Unmanageable commodity groups

We integrate your eProcurement technology with ours.

## OUR SOLUTION CUSTOMIZED FOR YOU

Items are delivered correctly and on time.

Your own personal punchout site is created to place orders on the items you need.

Purchase orders and invoices are combined to streamline the procure-to-pay process.

## Start with e-Procurement systems

- ✓ Simple e-commerce style ordering process
- ✓ Manage contract & non-contract items
- ✓ Customized e-approval process
- ✓ Increased standardization & decreased rogue spending
- ✓ Rich content & product descriptions
- ✓ See real-time on hand inventory levels
- ✓ Advanced shipping notices & P.O.D notices
