HELPING YOU STAY SAFE!

A BREAKTHROUGH SOLUTION TO CONTROL YOUR MOST CRITICAL PPE

AUTOMATED PROCUREMENT SOLUTIONS

Control protective gear from gloves to N95 masks and much more with up to 987 individually locked bins. **AutoCrib's TX750** is the first machine that was specifically designed to dispense boxes of gloves and other PPE packages. The system provides access control to authorized users in the amount YOU specify.

SAVING YOU TIME AND EFFORT!

- SIMPLIFY THE PROCUREMENT CYCLE
 - REDUCE STOCK OUTS
 - INCREASE EFFICIENCY
 - AUTOMATED REPORTING

"STOP THE HOARDING.....NEVER RUN OUT!"

"PLAYING A RECOGNIZABLE ROLE IN KEEPING YOUR EMPLOYEES SAFE"

Access Control

Control access by employee, departments, shift and skill level.

Automated Ordering

The machines have the capability to automatically re-order needed items.

Large Capacity

With nearly 1000 bins at its most dense configuration, the machine can dispense for multiple shifts without the need to restock.

Provides Incredible Flexibility

Dispense boxes, masks, face shields, goggles and other odd shaped PPE items.
